

ECOM Foundation Satellite Schools Inaugurations for Tierra y Libertad and Union Buena Vista in Chiapas, Mexico

With donor participation from Community Coffee Company and Southwest Airlines, the ECOM Foundation launched two ECOM Foundation Satellite Schools in

Chiapas, Mexico in September. The communities of the "San Ramon" school in Tierra y Libertad in the municipality of Villaflores, and the "Santa Rosa" school in Union Buena Vista each held festive events with music, food, speeches from students, the Ministers of Education, representatives from El Tecnológico de Monterrey, AMSA/ECOM, Community Coffee and the ECOM Foundation, along with tours of the new schools and meetings with the new instructors. ECOM Foundation Satellite Schools are successful when there is community involvement, as the computers are available for students and the adult farming communities.
